

Residential Burglaries in Lee's Summit

- The following analysis compares residential burglaries (home break-ins) between May 1, 2015 – June 6, 2015 and the same time period in 2016.
- What we Know:
 - We've had less burglaries this year than the same time frame last year.
 - Every area of the City experiences burglaries
 - Residences with open garage doors and homes left unlocked are targeted much more frequently than secured homes.
 - In recent break-ins, the suspect is usually known by the victim.
- Prevention Tips:
 - Close garage doors. Double check before you go to bed.
 - Lock all doors when you leave, including side and rear access doors. Even if you'll only be gone for a few minutes!
 - Don't let people with bad behavior in your home. All of the known suspects had criminal histories and/or displayed poor behavior in the home prior to the break-in. Victims knew what the suspects were capable of but ignored their instincts. Often times, suspects were friends with the victim's teenager/young adult child.
