ARC NEWS

Savannah Ridge is a great place to live. The ARC realizes homeownership requires a lot of work and we want to thank you for all of your efforts.

We encourage you to continue to maintain your beautiful home and landscaping. As mentioned in a previous newsletter, we will be sending out non-compliance letters to homeowners that have non-compliance issues within the next couple of weeks.

If you receive a non-compliance letter from the ARC, please correct the issue as soon as possible.

Remember to submit an application for "Project Approval Form" if you are making any improvement(s) to your house. As a helpful reminder, according to our homeowners guidelines, "no building, fence, wall or other structures, improvements, alterations, repairs, change of paint colors, excavations, changes

in grade or other work shall be commenced, erected or maintained upon the properties, nor shall any exterior addition thereto or change or alteration be made, including exterior color until plans and specifications showing the nature, color, kind, shape, height, material and locations of the same have been approved".

Thanks for making Savannah Ridge a nice place to call home.

April is usually the time to start thinking about clean up tasks in your yard. Here is a simple checklist of ideas to help ensure you have a great-looking yard.

Prune away any dead and damaged tree or shrub branches.

Clean up around plants by raking out fallen leaves and dead foliage which can smother plants and foster disease. Once the threat of frost is gone, remove any old mulch and replace with a new layer once your spring planting is done.

Preventing crabgrass is much easier and more effective than trying to control or kill it after it is established.

Patch or replace any badly rotted or damaged pickets, boards, or lattice. Power wash your fencing if it has become covered in algae or dirt to ensure it looks fresh once again. Make sure you are checking for wobbly fence posts as well and replace as needed.

Neaten up hardscape surfaces by power washing sidewalks, patios, and driveways to remove any algae or leaf stains. Refill joints between flagstones or pavers by sweeping in fresh sand or small stones depending on your area.

Bunco

Our subdivision's Bunco Night Out has the most fun, caring and generous ladies attending. These women genuinely care about this subdivision and the people in it. They support each other by

gathering together, showing interest in each other, listening to each other, playing, eating and laughing with each other. We are blessed to have this activity offered in our neighborhood. Thank you, Janet Simonitsch, for hosting yet another Bunco Night for us. We appreciate you! We had a lot of fun, fellowship and food. We had several winners, too; Sun Nicholson, Lena Towler,

Teresa Olsen, Amy Werner and LeeAnn Sinclair.

We are glad we got to spend this Bunco time together before the quarantine came. Who would have thought that the opportunity to socialize would become so precious. Due to the quarantine orders, our May Bunco night will be postponed until July. More information will come in the June newsletter.
